

CORPORATE EMPLOYEE BENEFIT PROGRAM

How to get started:

The Corporate Partnership Program is designed for large groups, organizations and businesses to work with the Group Sales Department at the XFINITY Arena to receive discounts on certain shows that come to our facility. These discounts are in the form of an online promotional code that allows for easy distribution to employees or members and allows for individual purchase. For more information on the Corporate Partnership Program or to set up a code for your company, please contact our Group Sales Department.

How it works?

We will provide you with a one sheet flyer that will have the following information:

1. Promotional Discount Code
2. Event & Event Ticket Information
3. Ordering Information
4. Offer Expiration Date and Additional Fee Information

*Individuals may purchase at their own discretion without a minimum ticket requirement and still receive the group discounted rate on select shows.

How Can Employees Redeem their Discount?

1. By using a promotional code online at www.XfinityArenaEverett.com/promo
2. By contacting our call center (866.332.8499) and referencing your code
3. By purchasing Tickets directly at the Box Office (Must have promo code printed off to use in Box Office)

*Please note that there is an expiration date for every discount code. The expiration date will be different for every show and will be included on any show information.

*Extra ordering fees will apply to all online and phone center orders. Tickets purchased at the Box Office do not include the extra fees.

How to promote the information:

1. Email Blast your database
2. Post flyer on your Intranet
3. Include info in a company newsletter
4. Put up flyers in company break rooms
5. Social media pages
6. On-site sales through our Group Sales Department

*We can provide you with any pre made flyers, templates, or images to help promote

For more information or to set your organization, please contact Kelly 425.322.2629, Mitch 425.322.2609 or GroupSales@XfinityArenaEverett.com
